

Join the VITAL Lab for a night of *Mystery!*

Do you want to learn more about developing 3-D games?

WHAT: Join the VITAL Lab for an exciting presentation about game-building and using gaming technology, like that of Guitar Hero, for educational purposes!

WHO: STEAM graduate fellows Steve Carroll and Juan Flores will present their educational games, Mystery Minerals and Adventure Park.

WHEN: Thursday, November 13, 2008, at 6:00 p.m.

WHERE: Walter Hall, room 145

Free food will be provided after the demonstration!
